FORWARD

We hope you will find within these pages many pleasant memories of the school year of 1935-36. With this, the fourth volume of "THE CEDARSCOPE," we extend our greetings and best wishes for a better C. H. S.

CEDARSCOPE

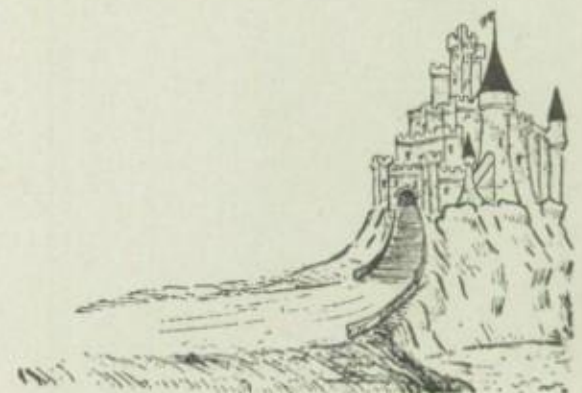

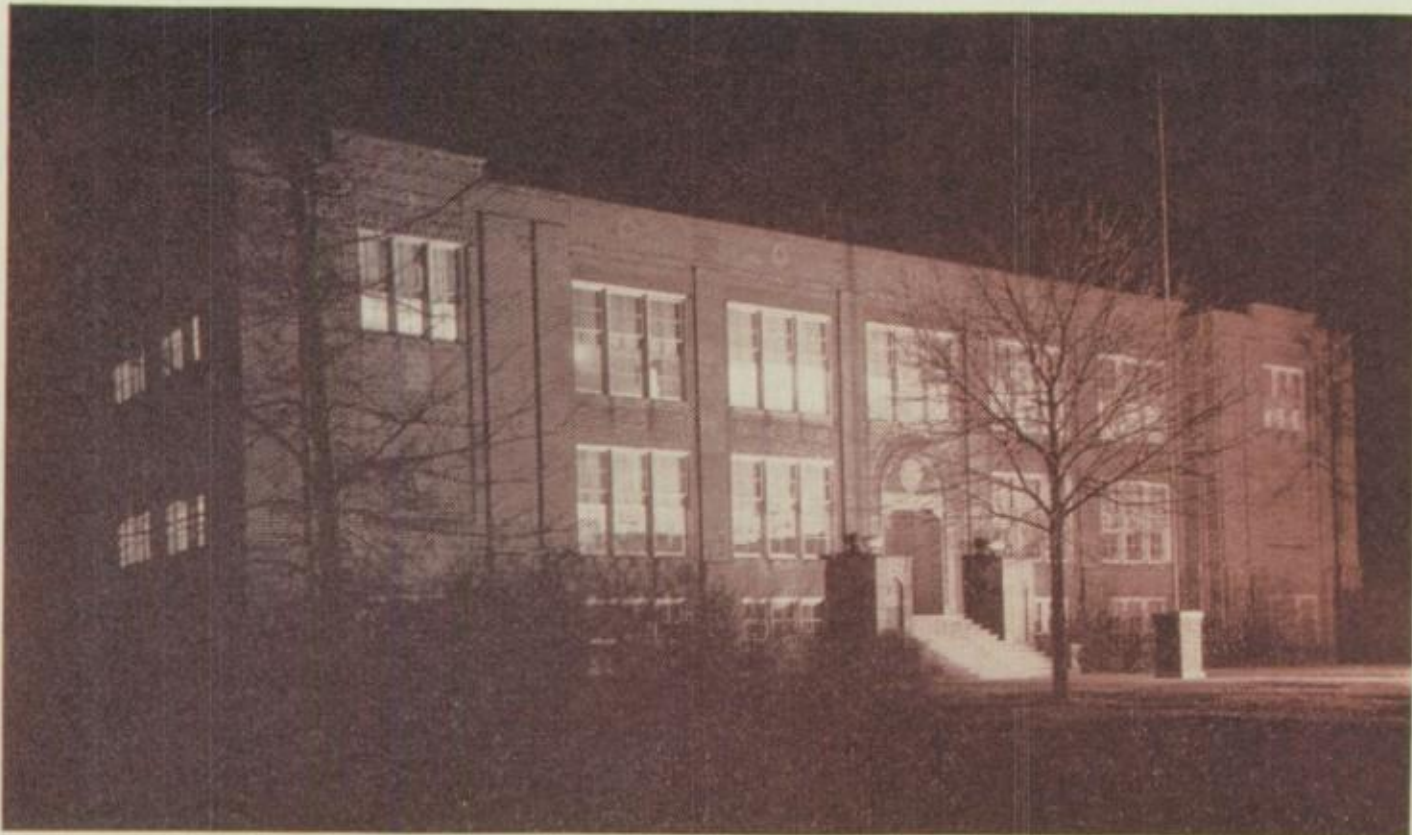

Carrie M. Rife—our genial principal—shows a generous, sympathetic attitude toward all with whom she comes in contact, has a genius for friendship, takes a personal interest in each student, is known for her good stories, is an ardent Latinist, has a strong Christian character, acts as adviser to the high school and faculty, is the senior sponsor, believes commencement is the saddest time of the year, because the seniors with whom she has been so closely associated for four years are leaving.

H. D. Furst—our busy executive—has won the confidence of the students and faculty by his deep understanding and sympathy, displays a diplomatic attitude in all things, is always good natured, considers school not a place where students learn books alone, but also where they learn to live, is an upright Christian, impresses all with his friendliness, has an alert comprehensive mind which understands young people, advocates high standards and scholarship.

WE PRESENT

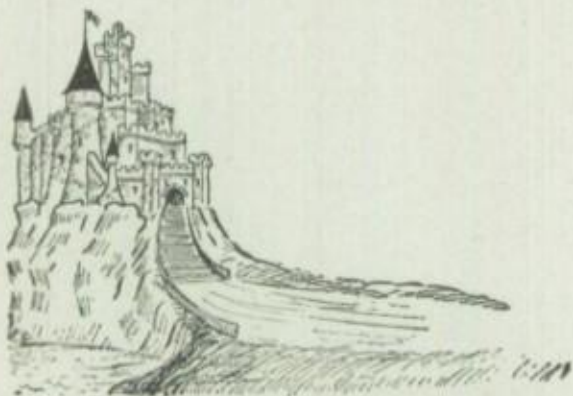

PREFACE

The Cedarscope of 1936 is not striving to present something entirely new and different. It is striving to review for you the events of the year in an interesting manner. The book is simple in tone and style; and an informal theme has been carried out, with snapshots, showing typical scenes around the school. To create more interest in the entire school, the pictures of the first six grades have been included.

All too soon student days are over and it is the hope of the Cedarscope staff that this record will bring them to mind.

THE 1936 CEDARSCOPE

Our school has been improved by additional **departments**—such as, agriculture, sight saving, and special; **organizations**—such as, band, student representative assembly, safety patrol, and Future Farmers of America; **equipment**—such as, radio and public address system, new buses, study hall tables and chairs, lunch room tables, library books, and typewriters.

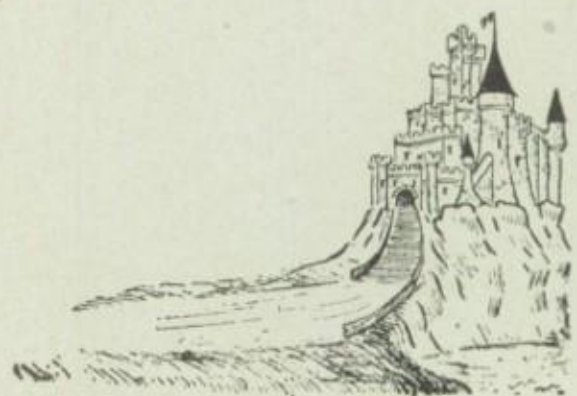

CEDARSCOPE

WE HONOR

Miss Rife, who during the past fifteen years has so efficiently served our high school and who during that time has been both friend and adviser to the boys and girls with whom she has come in contact, to her we dedicate "THE CEDAR-SCOPE OF 1936."

1936

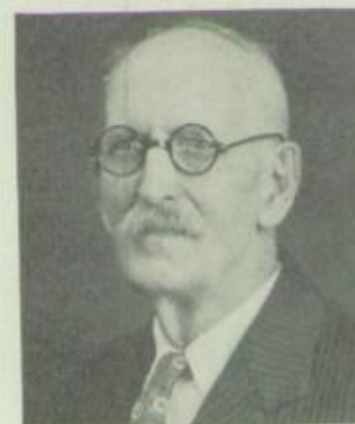

Mr. A. E. Richards, Mr. W. B. Ferguson, Mr. P. M. Gillilan, Mrs. W. W. Galloway,
Mr. F. L. Clemens, Mr. B. E. McFarland.

BOARD OF EDUCATION

The Cedarville Board of Education, consisting of five members, is organized as follows: Mr. Gillilan, president, and Mr. Ferguson, vice-president. Mr. Richards, although not a member of the board, has served as clerk for several years.

Within the last three years the board has purchased seven new buses. This year a radio and public address system has been added by three graduating classes. The board assisted by defraying the cost of the wiring of the building. Our board has always been willing to furnish textbooks to indigent pupils and is now complying with the state requirement to supply books for all pupils.

The students appreciate the cooperation of this group for giving us the opportunities that have helped us in our school life.

Mr. Ross

Mr. Ross, our janitor, has served our school faithfully for forty-two years. Having planned and cared for the shrubbery he is responsible for the beautiful landscaping of our school grounds.

We are grateful for the many untiring years Mr. Ross has served our school.

Miss Little

Miss Dorothy Nelson, who is Mr. Furst's efficient secretary, not only serves him but also the entire school. She is always busy printing tests for the teachers, running errands and keeping the office running smoothly.

Miss Margaret Little is the typist for the sight saving department.

Although not a class "A" school, Cedarville High School is a member of the North Central Association, which is composed of the most progressive schools of Ohio.

The three hundred students attending our high school come from Clifton, Xenia, Wilberforce and out-lying districts of Cedarville.

Each year we have been well represented on the county scholarship team. Although scholarship is foremost in the curriculum, extra-curricular activities are not neglected.

Hard study, presentation of operettas and class plays, participation in athletics and other activities such as high school dances and class parties, comprise the four years spent in gaining a high school education.

Listen my children and you shall hear—In the year 1924 forty timid children walked into the first grade to begin twelve happy school years.

Ten students—Howard Finney, Lois Fisher, Herman Randall, Harold Strobbridge, Evelyn Thordsen, Virginia Townsley, Geneva Clemans, Rebecca Galloway, Charles Whittington, and John Williamson, who have been together twelve years, can recall many of the childhood episodes.

SENIORS

The seniors of this year are the first to use colored commencement invitations, printed in the class colors, green and gold.

The class set a new standard by choosing green suede diplomas resembling a book with gold lining and lettering.

Class night took the place of senior chapel, at which time the senior prophecy, will, and history were read. We also presented to the school our class picture.

RADIO

Often each day we hear three musical notes, then a voice saying, "Attention, please." Through the generosity of the classes of 1935-36-37, our school radio and public address system was installed.

1936

Our senior class has taken part in many things this year, the first being the operetta "The Gypsy Rover." We have enjoyed our parties this year, most of all the turkey dinner during Christmas vacation at Rebecca Galloway's. Now my children, you have read a few of the high points of the school life of the class of 1936.

It aids in making announcements, and bringing the students educational and enjoyable programs. The graduating class of 1936 hopes this gift will continue to be of great service.

JUNIOR CLASS HISTORY

September 2, 1935, fifty-four juniors registered, and the next week the class organized as follows: president, Mary Frances Heintz; vice president, Betty Swango; secretary, Justin Northup; treasurer, Harold Hanna; news reporter, Doris Ramsey.

Early in the year the juniors pledged the receipts from their senior play to the fund for the new radio and public address system.

Looking forward to entertaining the "honorable" seniors with a banquet in May, the juniors presented the play, "An Old-Fashioned Mother." The play was a story of the return of the prodigal son, tinged with the humor and dress of fifty years ago. A special feature of the evening was a group of harp selections by Enid Hickman.

Four members of the class on the girl's basketball team are F. Williamson, M. Townsley, B. Swango, and G. Bailey.

Seven of our boys, H. Hanna, N. Hartman, N. Brown, J. Northup, J. McCallister, C. Jones, and R. Reed are on the boys' basketball team.

D. Kennon, M. Collins, W. Elam, N. Hartman, B. Rowe, B. Swango, E. Anderson are the scholarship entrants.

Juniors qualifying for state commercial contest in Bookkeeping at Bowling Green, May 8, were: L. Fulkerson, and M. Collins. D. R.

SOPHOMORE CLASS HISTORY

While still in the grades, our class presented three operettas: "The Childhood of Hiawatha," "The Birth of the Flag," and "O Holy Night."

Oh, how we looked forward to going upstairs, but before the first day of our seventh year was over, we understood the demerit system.

Thirty-four eighth graders took the state test in which Neil Hartman brought honor to the class and school by rating second in the state.

Nineteen pupils from Clifton and eleven from Xenia were among the sixty-five freshmen who were subjected to initiation.

Among the fourteen Cedarville students on the scholarship team, last year, four were from our class.

The sixty-five students in our class this year were divided into two sections, with Mrs. Wilson and Miss Lope as supervisors.

R. E. Dennehey, D. Galloway, B. J. Judy, M. J. Martindale, and H. Ross are members of the County Champion Girls' Team and J. Buckner, D. Fields, and O. Shaw are on the boys' squad. Here's to better Juniors.

FRESHMAN CLASS

Sixty-five green freshies entered Cedarville High School on a dismal rainy day in the year of 1935. With Mr. Reed and Mr. Orr as advisers we elected from our class the following officers: president, Miron Williamson; vice president, Jack Preston; secretary, Joseph Flatter; treasurer, Vincent Rigio; news reporter, Harold Cooley.

Our class contributed two members to the girls' basketball squad, Marcella Martindale and Carrie Stewart.

On September 20, the Sophomores entertained us with a wiener roast at the Brewer home. On October 11, we enjoyed a second course of wieners, and Hallowe'en we ate apples, watermelons, marshmallows and more wieners.

EIGHTH GRADE

For the purpose of bettering the eighth grade and for setting a good example for both young and old, the eighth grade organized a project in their civics class. Several ways were set forth by the class in which its conduct could be improved, and one day each week reports were given by its members as to the progress.

During the class tournaments it was the lot of this grade that the girls draw the seniors and the boys, the freshmen. After two hard fought battles the eighth grade teams were defeated.

One of the jolliest parties of the school year was the one given by the seventh and the eighth grades this spring. Members from each class planned the games.

SEVENTH GRADE

Under the direction of Mrs. Edwards, the seventh grade has formed an English club called the "Live Wires" which sponsored a newspaper named "The Monthly Revue." We have programs at club meetings every two weeks.

We also have a health club and have signed health contracts. Mr. Orr, our teacher, has made it possible for us to give two radio programs.

Six of our class are in the band and two are in the orchestra.

The seventh grade is the smallest group in high school, as there are only thirty-four of us under the direction of Miss Hanna, our home room teacher.

1936

The children in the grade school possess many talents and it is the desire of the high school that these talents be developed so these children may make the name of Cedarville High School even greater in the years to come.

Since the installation of the radio, each Friday morning the grades have presented programs which were broadcast to the high school. This has given the children practice in public speaking and in program planning.

Of the thirty-eight pupils, who are now enrolled in the sixth grade, only nineteen of us started together in the first grade.

This year we have enjoyed writing original poetry, composing music, making safety posters and a vegetable train, reading the new books which were added to the library, corresponding with sick friends, editing and printing a school paper called THE NEWS ARROW, and listening to health and art appreciation programs of the School of the Air Program.

Although we are sorry this is our last year down stairs, we are curious to go upstairs and go to different rooms for our lessons.

The fifth grade published a newspaper this year that we named the "Golden Flash." For this paper we wrote poems, stories, jokes, cartoons, and news items. We are also planning another edition of this newspaper to be printed soon.

We have a radio in our school of which we are very proud and over which we often listen to William H. Vogel describe famous pictures that are in the art museums.

Eleven pupils of the fifth grade are studying musical instruments under the direction of Mr. Reed. We are proud of the four members of our class who are in the orchestra and band.

The fourth grade's enrollment has decreased from 45 pupils to 37 pupils.

Before Christmas vacation we presented to the elementary grades, a two-act play entitled, "Shoes For Santa's Reindeer."

Our history textbook tells about the people of ancient times, and we have found it helpful to make a scrapbook, illustrated by pictures of the people and events of that period.

One of our projects for February was making a "Peep Show" which we all enjoyed.

We have been writing to a mission school in Kentucky and have enjoyed their letters telling us of the way they live.

THIRD GRADE

The forty-six pupils in our room used a Hygiene text book this year for the first time. We made health booklets, and in them marked our chores. We have made Washington, Valentine, and bird booklets.

We have enjoyed our Christmas and Easter parties, our new library books, and the new radio. We like to hear the stories and like to broadcast programs ourselves. Tune in sometime and see if you think we should get in Major Bowes' Amateur Hour.

SECOND GRADE

In our second grade we have tried to make school life a worth while experience so that we may live and grow to be useful boys and girls.

During the year we have had some interesting activities, among them being a health project. We made health booklets and enjoyed finding suitable pictures for them.

We have enjoyed our year together for we have tried to keep our rules for good behavior and yet were free to be natural and happy.

FIRST GRADE

Having only a knowledge of the things about us or within our experiences we, the first grade, who came to school in September, 1935, have found that we can learn much from reading books and our progress has been remarkable.

We have learned there's a work time and a play time and that if we do our work well our play will be happier.

Our ambition is that we may grow to be worth while citizens and we have learned that kindness, helpfulness, honesty and obedience are some of the ways that will help us most.

1936

Cedarville High School is forging to the front! It is recognized by the Department of Education of the State of Ohio as being one of the leading schools in this section of the state.

To have a well balanced education a student should take part in the extra-curricular activities. In our high school—good times are not lacking, athletics are well developed, studies are given a share of the student's life, and the pupils are possessed of high ideals and practice them.

Miss Lope

To fairy land Rebecca leads
Her motley retinue
To make a wish for the Cedarscope
And send regards to you.

There're the boys who used to steal the
pigs;
That's John and Herman, too.
They are our business managers
And need more work to do.

Harold Benedict a penny wants
To help him make the change,
That he may with the subscriber trade
And make a fair exchange.

Lois Fisher wants a new horn,
For hers will not make a sound;
She blew it for the Cedarscope
And then she laid it down.

That little Lawrence Fulkerson, who threw
The dear pussy into the well,
Whate'er he thinks is funny
He's almost sure to tell.

Geneva and Betty want a fresh pie
Well stocked with literary plums;
If they don't find choice ones every time,
They'll both turn down their thumbs.

Now, what does little Miss Rose want?
Why, a bowl for curds and whey.
Marie Collins would like a party
For the juniors, so they say.

John and Virginia want a new ball;
They need some hurdles, too,
For carrying home the trophies
They need an athlete or two.

Marjean and Dorothy quite contrary.
How does your column grow?
With snapshots of charming belles
And beau-brummels all in a row.

Dorothy, Alberta, and Mildred
With typewriters clatter all day;
They mix up the jokes and society notes
And then—they all run away.

Dorothy, Evelyn, Howard, Frances,
Florence, Louise, Pauline, and Monroe,
Who're Mother Goose's children
Have so many wants oh! oh!

Miss Lope, who lives in the wonderful shoe
With so many children about,
Says the writer would have much modesty
If she'd only leave herself out.

STUDENT REPRESENTATIVE ASSEMBLY

The Music Goes Round and Round. The time? November 22 and April 3. The events? High School Dances. The place? School gymnasium, with soft lights and bobbing balloons. Success? Ask those who attended. These two affairs have been the outstanding accomplishments of the Student Representative Assembly during the past school year.

In addition to the dances, this organization has sponsored the six Northwest Assembly programs, which have been enjoyed by the entire school.

Through this group the high school has purchased flowers in case of sickness or death in the families of the high school students and the faculty.

Three persons are elected by each of the high school classes and two from each junior high school class to represent their class in the assembly, making a total of sixteen members.

The following students have served as officers this past year: president, Harold Strobbridge; vice-president, Justin Northup; treasurer, Neil Hartman; and secretary, Donald Brewer.

M. C.

FLYING SQUADRON

Three hundred dollars saved! How? By the Flying Squadron's continuous efforts in laying many feet of wire for the installation of the school radio and public address system. In this manner the school was able to have a radio which it could not have afforded otherwise.

The Flying Squadron was organized in 1934-35 by the manual training instructor, Mr. Deem, and is composed of boys taking an advance course in general shop.

These boys, who are members of the freshman, sophomore, and junior classes, can be seen doing many and varied kinds of work. One major project which has been undertaken by this group is the construction of school equipment such as the lunch room tables, speaker's stand for the stage, book cases and other equipment for the school rooms. Without these pupils, who repair chairs, window blinds, doors, and tables, what would we do?

M. C.

HONOR SOCIETY

Scholarship, leadership, service, and character form the basis for the selection, each year, from the upper fifteen per cent of the senior class, of the members for the Omega Chapter of the National Honor Society, which was founded at Cedarville High School in 1932.

At present there are thirty-seven members in the Omega Chapter. The initiation ceremony for Harold Benedict, Geneva Clemans, Pauline Ferguson, Rebecca Galloway, Elmeda Harris, Mabel Turner, and Charles Whittington was held in the high school auditorium March 25, 1936.

The society elected the following officers at the ceremony: president, Harold Benedict; vice-president, Rebecca Galloway; secretary and treasurer, Jane Frame.

The members of the Omega Chapter are as follows:

1932—Carma Hostetler, Julia McCallister, Leolia Griffin, and Esther Waddle.

1933—Dorothy Anderson, Harriet Ritenour, Frances Hutchison, Ruth Kimble, and Mary Margaret McMillan.

1934—James Anderson, Rachel Creswell, Edna Sipe, Christina Jones, and Janice Dunevant.

1935—Betty Tobias, Cletis Jacobs, Jane Frame, Elinor Hughes, Justin Hartman, and Frances Kimble.

SCHOLARSHIP EVENTS

After taking county and district elimination tests, six Cedarville contestants won state honors in the annual scholarship tests in the spring of 1935. These six students who received state honors were Neil Hartman in algebra I, Charles Whittington in physics, Doris Ransey and Marie Collins in English II, Jean Dunevant in English III, and Mabel Turner in French I.

In the county elimination test at Jamestown on March 30, fourteen of the thirty winners were from Cedarville High School. These fourteen were part of the Greene County team which participated in the O. S. U. District test in Columbus, May 4.

All members of the eighth grade competed in the annual eighth grade test in 1935. Those who received honorable mention in the district were Harold Cooley, Howard Hanna, David Ramsey, Helen Andrew, and Ruth Copeland.

Four of the seniors took the Senior Scholarship test. Justin Hartman and Jane Frame received high honors in both the county and district, Justin ranking second in the O. S. U. District.

Nine seniors took the test this year at Xenia. Two of these who received high honors in the county were Charles Whittington and Harold Benedict. Charles received the highest score that has ever been made by a Greene County senior.

BUS DRIVERS

One-half of the students who attend the Cedarville Public Schools live outside the village limits.

Buses, all of which are late models and newly equipped with large double heaters, are furnished by the school.

Xenia and Clifton townships each furnishes its own buses and drivers to transport the students coming from those districts to Cedarville.

Mr. Lowry, who has been manager of bus transportation for fourteen years, has working with him six college men who have the responsibility of transporting these boys and girls to and from school. Hats off to these seven men who did their work so splendidly during this past severe winter without an accident, making an unsurpassable record of fourteen years of bus transportation without an accident.

These bus drivers are always willing to cooperate with the school and drive for special trips such as taking the band to the tournament, the basketball teams for out-of-town games, the F. F. A. boys to Cincinnati, and other high school classes on various tours.

F. R.

SAFETY PATROL SYSTEM

To lessen the chance for accidents to pupils the Safety Patrol System began functioning last autumn under the direction of Mr. Furst and the State Highway Patrol.

The patrol is composed of seventeen boys, divided into two groups, one to handle traffic in the village before and after school, and the other to protect the children in the school buses. Two boys are selected each week for bus service and four are selected for duty in the village.

To become an officer of the Safety Patrol System the boys must take an examination prepared by the Highway Patrol. This patrol has been of great value to the school this year in that it has eliminated possibilities of traffic accidents when school is dismissed at noon and evenings. Plans are being made for a more definite organization of this group and for regular meetings.

The officers of the patrol are Captain Montgomery West; Lieutenant Eugene Howell; Lieutenant Keith Wright.

THE BAND

A drum major! New red and white military uniforms. This means Cedarville High School Band.

The band under the capable direction of Mr. Reed has made for themselves a reputation by marching successfully through their first season.

November 8, 1935, the band made its first appearance at the annual cafeteria supper, the proceeds of which were used for the band uniforms.

Wayne Andrew, our handsome drum major, has a special uniform, baton, and the carriage of a professional. At basketball games he led the group through the various formations of school letters. This group was the guest band at Ross High School's home-coming and at the Greene County Tournament.

The excellence of the band has contributed greatly to the reputation of Cedarville as a progressive school. School spirit has been greatly promoted by this organization's appearance at basketball games, and this group deserves much credit for its efforts and co-operation.

L. F.

ORCHESTRA

Playing at all school functions and playing by invitation in other towns, calls attention to this year's Cedarville school orchestra under the capable direction of Mr. Robert Reed who organized it in 1933.

The three years' growth, which has resulted in the present forty-piece organization, has been largely due to the foundation of a special school fund for the purchase of new music and instruments.

Including the upper six grades, the orchestra has the special aim of development of individual talent through group cooperation. Forty minutes twice a week, this group meets for practice of their wide variety of music ranging from the serious to the light.

Mr. Reed has organized a dance orchestra which is planning to play at Bryan High School for the "Senior Prom" in exchange for the music their school furnished for our high school dance. To be qualified for the dance orchestra each person must be a member in good standing of either the orchestra or the band.

Increased interest in the orchestras is evidence that these groups have been permanently in the school.

been permanently established in the school.

The advanced chorus of the vocal music department has been carried on very successfully during the year 1935-36 under the direction of Mr. Reed. This chorus is composed of the juniors and seniors who are interested in music. The first public appearance of the chorus was made in October, when they presented "The Gypsy Rover." Members of the Baccalaureate chorus will be chosen from the Freshman, Sophomore, and Junior chorus.

Melodious harmony! That's exactly what the freshman-sophomore chorus make.

Not at all realizing what he could do, Mr. Reed took upon himself the task of organizing and working with the freshman and sophomore chorus. This group was called the "amateurs" by the juniors and seniors, but this seemed not to bother either Mr. Reed or the "amateurs." Instead, they took on new determination, banded more closely together and the result was the best amateurs Cedarville High School has ever had.

Tryouts! Trembling voices, and then, Mr. Reed and Miss Rife, the directors, chose the cast for the operetta "The Gypsy Rover," to be given October 17 and 18.

Laurence Fulkerson, son of an English Lord stolen by gypsies when a baby, sang love songs to Jean Dunevant, an English Lady, while Charles Whittington and John Peterson did some clever gypsy songs and stunts. Harold Strobbridge, father of Jean, took the lead in a hunting song that sounded as if the crowd was really ready to chase the fox.

Since the cast included students from all grades it was too large for us to mention everyone.

CEDARSCOPE

THE AGRICULTURE BOYS

Through the vocational department, which was organized in Cedarville High School by Mr. L. J. George in August, 1934, over thirty boys have enjoyed the F. F. A. activities.

Project work in this course is of such a nature that each student is able to put into practice the theories of farming as recommended by the State Agricultural College and Experimental Station under his instructor and his "dad's" supervision.

When a boy selects the vocational agricultural course as a freshman, he comes in contact with the national organization, The Future Farmers of America. The motto of these boys is, "Learning to do, doing to learn, earning to do, living to serve."

The F. F. A. boys and the home economics girls joined in the fall to sponsor an old-fashioned square dance, and April 24, these two groups gave a party in honor of their parents.

The most talked-of activity of this group was the educational tour taken through Washington, D. C., and the South last summer. The boys had the honor of describing their trip over WLW for the Ohio School of the Air program.

H. B.

HOME ECONOMICS GIRLS

Sewing, cooking, home furnishings are subjects which the sixty-five girls in the Home Economics classes I, II, III, develop during school time. At home they make practical application of their knowledge, for each girl must work a total of ninety hours, to complete three projects during the summer.

The home economics girls and agriculture boys have had two parties. The first party was a square dance given in the high school gymnasium. Everyone had a grand time learning to square dance while Mr. George and Miss Albaugh acted as chaperones.

On April 24, these groups had Home Economics and Agriculture Night for the parents. At that time each girl modeled the spring dress she had made in class, and the boys showed their degree work.

The officers of the Home Economics club are, president, Mildred Williams; vice-president, Alma Brewer; treasurer, Jeanette Neal; secretary, Thelma Cooper. F. R.

Our high school has a well rounded curriculum in sports consisting of basketball, volley ball, track, and baseball. Basketball is the major sport at C. H. S. because it covers a longer period of time and because there is more interest in it. This year our school received the county sportsmanship trophy because of the good attitude shown by both the teams, officials and fans. There are gym classes for those who do not volunteer for any of the sports. The girls' gym classes are under the direction of Miss Robe; the boys' classes are under the supervision of Coach Orr. Those in the gym classes play games and go through gymnastic exercises.

CEDARSCOPE

GIRLS BASKETBALL TEAM

The Red and White lassies, clad in their beautiful new suits, were the first girls' team representing Cedarville High to go through the entire season undefeated. They were winners of the Greene County League entitling them to play Ross, the "runners-up", in the Greene County Tournament. Although this was the thirteenth game, our team was not superstitious, and defeated Ross for the third time this season.

The C. H. S. sextet went to the tournament with high hopes of coming home with the first place trophy. The game was very close throughout the first half, the score being 13-11 in our favor. After the intermission the girls came back more determined than ever, running the score up to 25-16 during the third period. At the last crack of the gun Cedarville was on top with a wide margin 29-19.

The first place trophy was presented to Cedarville girls. Our school also received the sportsmanship trophy, which every person can feel that he has helped earn. It is hoped that in the years to come Cedarville will receive many more such tokens.

Two members of the team and the manager will be lost by graduation this year. They are as follows: Helen Pemberton, Virginia Townsley, and Rebecca Galloway, the manager.

BOYS' BASKETBALL

Play ball! These were the words that were on everyone's lips as the basketball season opened in October. With practically the same line-up as last year our boys started their basketball season by winning their first game from Jamestown and their second from Pitchin. Then the teams' luck changed and they were defeated by Osborne and Bellbrook. Bowersville and Bryan were the next teams who were defeated by the Cedarville quintet. Thus went the season for the boys, first winning and then losing. Every game brought hopes that we would win just one more game and be the leading team of the county.

For the first game in the tournament Cedarville drew Bellbrook and although C. H. S. played hard, when the final whistle blew the Bellbrook squad had the larger number of points.

Even though the total of the Red and Whites' points did not equal that of the opponents, we are justly proud of the boys for the fine spirit and sportsmanship they have shown. We know it is difficult for the loser to be the best sport and for this reason the boys deserve a great amount of credit for helping to win the sportsmanship trophy.

None of the team graduated this year, so we are looking forward to a winning season next year.

Boys qualifying for basketball letters this year were Robert Reed, Charles Jones, Ned Brown, Justin Northup, Harold Hanna, Donald Fields, Neil Hartman, John Buckner, Otis Shaw, John McCallister. The managers Vincent Regio and Elton Frame were given managers' letters. These awards were made at the Athletic banquet which was given in honor of the Cedarville High School basketball teams. J. P.

SIGHT-SAVING CLASS

Our Sight-Saving Class was organized in September, 1931. This is a special class maintained to educate pupils whose sight does not permit them to do the work of the regular grades or who attempt it at the expense of their already limited sight.

Our room is entirely equipped and maintained at the expense of the state. Our work is directly under the supervision of the State Department of Education.

The department which includes individuals from the first grade to the twelfth grade is made up of pupils from various parts of Greene County and from surrounding counties.

Sept. 3—School begins—welcome Miss Lope, Miss Robe, and Miss Allen.

Sept. 9—A very vivid account of the Agriculture boys' trip including Bob Dunevant's terrible mistake. •

Sept. 11—The seniors held their first class party in the form of a wiener roast. Plenty of eats and plenty of good appetites.

Sept. 12—Tryouts for the operetta in order—Mr. Reed laboring hard, trying to select his Lawrence Tibbetts and Grace Moores.

Sept. 17—Operetta parts given out today—this may be your start toward an operatic career. Who knows?

Sept. 18—Seniors held their first class meeting. Everything running smoothly—but who threw that eraser?

Sept. 24—First operetta practice—everyone anxious to leave to hear the great Louis-Baer combat. Baer seems to have fallen in the lot of the rest of us (always taking a beating).

OCTOBER

Oct. 1—Seniors are informed they can have an annual if they can make a go of it. Well, seniors, let's show our colors!

Oct. 4—Rebecca tells us what a fine state California is (I wonder if she has more reasons than one!).

Oct. 5—"Come on there Ky. show us a little power." (High School Day at Ohio State University.)

Oct. 7—Juniors are having a regular pow-wow (trying to pick out class rings). The boys go into a huddle and decide they want something classy and showy—you get the general idea—and when they get their heads together—well watch out!

Oct. 8—Fire drill—"watch out there you **might** get scorched."

Oct. 10—Seniors trying to look beautiful (if that's possible) to have their pictures taken.

Oct. 11—Operetta cast practice again—My, doesn't the town look large when looking down on the lights at night from a height? (Watermelon—an out of season fruit.)

- Oct. 15—Whoops! A vacation!—well almost. Operetta cast skip classes and go to the Opera House.
- Oct. 16—Dress rehearsal. Harold Strobridge still gets that speech turned around! Let's only hope for the best!
- Oct. 17-18—"Strut your stuff"—"and now that that's over watch the birdie and look beautiful."
- Oct. 25—Teachers go to school for a change and pupils get a vacation.
- Oct. 31—We are assigned our duties today (Annual Staff).

NOVEMBER

- Nov. 8—Cafeteria Supper—newly organized band displays talent and uniforms.
- Nov. 10—Home Ec. girls and Agriculture boys have a party in the form of a square dance.
- Nov. 14—Call out the fire department—or the gas masks—there's a strong smell of chlorine in the chemistry lab.
- Nov. 15—First high school dance of year. Mickey Post thinks the students should be allowed to dance with the faculty.
- Nov. 19—Girls' basketball suits handed out—girls vow to be county champs.
- Nov. 22—Cheer leaders, those cute freshmen, perform for the first time at the opening game of the season at Jamestown.

DECEMBER

- Dec. 2—The juniors are sporting their new rings—but the seniors still say theirs are the better looking. Anyway we're glad everybody is satisfied!
- Dec. 3—Seniors—Brr, ain't you cold! What a night for a coasting party! A swell hill and a regular northern wind—they'll survive!
- Dec. 13—(Friday too!) Mothers' night at the basketball game. Band marches and forms letters for the first time. "Virginia, did I hear you say you weren't superstitious?" All the same it is her unlucky night (just the small matter of a broken toe and sprained ankle).
- Dec. 20—Teachers treated the high school—Santa Claus appeared in person! (?)—Where's "Cutie"? Now for a two weeks vacation—hooray!

JANUARY

Jan. 1—Ring out the old—in with the new!

Jan. 6—First day back at school after the holidays.

Jan. 15-16—Exams! 'nough said!

Jan. 17—John Williamson, in trying to help select a class motto, suggests "Give me Liberty, or any other five cent magazine."

Jan. 22—Practically snowed in by early evening—closed school for the rest of week—22 degrees below—Brr!

Jan. 30—Seniors select diplomas—quite a classy piece of work they did too!

FEBRUARY

Feb. 6—After a few rounds today the seniors decide on sweet peas for class flower, simply because orchids and gardenias are too common.

Feb. 11—Mr. Deem asked Bob Preston what three words most used in school are. "I don't know," replied Bob. "Correct," said Deem.

Feb. 17—Mrs. Edwards takes her literature classes to Xenia to see "The Tale of Two Cities."

Feb. 23—Mr. Furst and Mr. Deem having the time of their lives using the radio system that is being dedicated. (A gift from the classes of '35, '36 and '37.)

Feb. 27—What, no water? "City" water works not in working order so school is dismissed.

Feb. 27-28-29—Undefeated—County Champions. These words speak best for this year's girls' basketball team. The school also receives the Sportsmanship Trophy.

MARCH

Mar. 7—Seniors and Juniors invited to "H. M. S. Pin afore," a presentation by the Antioch Players. Several seniors accept—Jean Dunevant thought the leading man was swell!

Mar. 19-20—Junior Class Play—takes you back to grandma's time.

Mar. 25—Since the juniors have "raked in" so much money, the seniors are hoping the banquet will be a "ritzy" affair.

Mar. 28—Senior Scholarship Test at Xenia. Charles and Harold succeed in holding up the good name of the school. This seems to be a day of many events—Agriculture boys take a test in Xenia also. And last but not least, the high school orchestra played at the boys' hobby fair (Mr. Reed—the perfect example of the absent minded professor).

APRIL

Apr. 1—"Oh Mr. Orr, Miss Rife would like to see you in the hall—April Fool!"

Apr. 3—Agriculture boys broadcast from WLW. They've practically landed jobs as radio announcers—well, almost! Bryan high school orchestra plays for the second high school dance. Everyone thinks they are "swell"!

Apr. 7—Baseball season opens with Bellbrook at Bellbrook. We were victorious!

Apr. 9—Miss Hanna took Civics Class to Columbus to visit State institutions.

Apr. 13—Practice for senior class play begins.

Apr. 16—Scholarship students seen cramming for tests at Bryan.

Apr. 17—Scholarship contests at Bryan.

Apr. 18—Commercial contests at O. S. & S. O. Home, Xenia.

Apr. 23—Agriculture boys and Home Economics girls sponsor vocational night, a fashion show, F. F. A. degree work, etc.

MAY

May 1—Annual County Track Meet.

May 7-8—Seniors present "New Fires" using a double cast for the first time in the history of the school—a "howling" success!—a climax to a very happy high school career—lots of fun but lots of work let us remind you!

May 15—Junior-Senior Banquet—the juniors entertained the seniors at a gala affair. You'd have thought the King of England was giving a ball, judging from the well groomed crowd.

May 24—Baccalaureate Service. Rev. Hill preaches the sermon.

May 19—Class Night. The seniors are very generous in their bequests—don't you think? The prophecy **rather** suits.

May 21-22—Final exams! The question in everyone's mind: "Did I or didn't I make the grade?"

May 25—Classes adjourn till September. Nobody is sorry except the seniors.

May 26—Commencement. Aren't you sorry they are leaving? Well they are! (Prof. McNutt gives the address.)

May 29—Alumni Banquet—the final note!

SEEN IN AND AROUND (MOTHER GOOSE'S) SCHOOL

Our dear old school holds many memories, and after we have left these halls we will cherish these memories.

But wait! What is this? It can't be! But seeing is believing. Yes, **Leroy Dailey** will be another **Ned Brown** we are sure.

When our seniors were seventh graders this snap was taken. It looks like **Harold (Clark Gable) Strobridge** was suffering from the stiff neck. Time Marches On!!!

"In the spring a young man's fancy lightly turns to thoughts of"—baseball and track. A scene of some of the minds that have turned.

Do you wonder what becomes of the gum you stick on the chairs, or what becomes of the paper you "accidentally" drop on the floor? Here is the answer: "**Becky**" and "**Bud**" **Spencer** are always on the job to see that we keep as much off the floor as possible. (Some of us have a pretty hard time considering the size of our feet.)

Now for a bit of dialogue:

Vince R. to Elton F.: "Hey, Elton, what is your ambition in life?"

Elton F.: "To be a manager of men." At last his ambition was reached as he and Vince were managers(?????) of the boys' basketball team.

"Four little maids from school." Oh dear, a miscount. There are five, aren't there? Juniors—**Virginia Swaney**, **Rita Struewing**, **Doris Truesdale**, **Alice Pullin**, and **Gwendolyn Bailey** are out for some air.

Now, this couldn't have been during school hours, could it? Tsk! Tsk! **Johnny Fudge** and **Alberta Smith** are fully unaware of the fact that it is cold and they are sitting on snow.

When people are hungry, naturally they are just—well, hungry. Here is what some of these "starved" people look like, going home for lunch.

Really, this one belongs in the "Just Imagine" section. But it really did happen. Several hours later **Bob Reed** had the leaves all raked.

A group of (undignified) seniors. How **Marjean Smith** and **Dorothy Sipe** came to be on the flagpole will be told in the next installment. But I'll bet **Pauline, Ferne, Evelyn, and Florence** could throw some light on the mystery.

Across the street is the college. Many of us will some day enter these portals. Good luck and best wishes to this institution.

Twice a year the orchestra makes a pilgrimage to the opera house. Some of the girls are making the coveted journey.

Here she is. Our own **Puddy**. Some day, about 1986, we will put on our spectacles, take out our 1936 Cedarscope and recall the memories of school days from these pictures.

Cedarville has five sets of twins and we are very proud of **Martha and Margarette Lott, Georgetta and Henrietta Duerson, Dasmia and Keith Detty, Hazel and Helen Robinson, and Don and Jim Pemberton**.

Now, these boys are future—guess what? "Dizzy" Dean had better watch out or he will have stiff competition. They are **John Buckner, Charles Jones, Earl Bartley, Dan Dennehey, Bob Reed, and John Peterson**.

This year the band had a very successful year. Part of this success was due to the "antics" of our drum major, **Wayne Andrew**.

Aren't these girls studious looking? I imagine there is a lot of studying done when they are together. We heard that **Dorothy G., Frances W., Betty N., Mary Frances H., and Betty S.** have had some camping experience.
